**BELGRADE 04<sup>TH</sup> - 05<sup>TH</sup> SEPTEMBER 2026.**  
**Dedinje Cardiovascular Institute**

**DEDINJE  
AORTIC MASTERCLASS**

*Dear colleagues and friends,*

*It is our great pleasure to inform you that the Institute for Cardiovascular Diseases "Dedinje" will organize a two-day Aortic Masterclass, to be held on September 4<sup>th</sup>-5<sup>th</sup>, 2026, at the premises of our Institute. This educational program is focused on contemporary approaches to the treatment of aortic valve disease.*

*The program is designed as a comprehensive clinical pathway, encompassing preoperative diagnostics and imaging, procedural planning, live surgical interventions and intraoperative assessment, as well as postoperative care, follow-up examinations, and long-term patient management. It is a great honor for us to host renowned experts in the field of cardiovascular medicine from around the world.*

*We look forward to your participation and hope to make your stay both pleasant and memorable.*

**Organizing Committee**

**Prof. Slobodan Mićović,  
MD, PhD**

**Acad. Prof. Milovan Bojić,  
MD, PhD**

**Prof. Milan Milojević,  
MD, PhD, MSCE, FESC**

**DEDINJE AORTIC VALVE MASTERCLASS  
REPAIR, ROSS, ANNULAR ENLARGEMENT  
AND HAART RING**

**DEDINJE  
AORTIC MASTERCLASS**

**DAY 1**

**SESION 1**

**09:00 - 12:00**

**Aortic Valve Repair: A Step-by-Step approach (TAV/BAV)**

Moderators: Prof. dr Slobodan Micović, Prof. dr Jan Vojacek CZE, Prof. dr Hrvoje Gašparović,  
Prof. dr Aleksandra Nikolić

**08:45**

**LIVE SURGERY 1: Aortic valve repair (AR, TAV/BAV)**

Prof. dr Ruggero De Paulis, ITA; Asst. dr Marko Kaitović

**08:45**

**Welcome, symposium goals, rationale for "repair-first" concept and patient selection**

Academic prof. dr Milovan Bojić, Prof. dr Ivana Nedeljković, Prof. dr Slobodan Micović

Presentations and discussion in conjunction with the live surgery:

**1. Echo/CT/CMR roadmap: lesion classification, effective height, repair planning  
(TBA)**

**2. Techniques I: cusp plication/resuspension, raphe management, commissural orientation  
Dr Giulio Folino, ITA**

**3. Techniques II: Annular stabilisation options and "how to decide" intraoperatively  
Doc. dr Ilija Bilbija**

**4. Live debrief: key decision points, intra-op TEE success criteria, when to re-clamp**

**5. Case-based discussion: "What would you do?" – key decisions and take-home messages**

**12:00**

**Lunch**

# **DEDINJE AORTIC VALVE MASTERCLASS REPAIR, ROSS, ANNULAR ENLARGEMENT AND HAART RING**

**DEDINJE  
AORTIC MASTERCLASS**

**DAY 1**

## **SESSION 2**

**(13:00–16:00)**

### **The Ross Procedure: Indications, Technique, and Autograft Stabilisation**

Moderators: Dr Branko Mimić, Doc. dr Dragana Unić, Prof. dr Ivan Knežević,  
Prof. dr Danijela Trifunović Zamaklar, Prof. dr Petar Otašević

#### **13:00 LIVE SURGERY 2: Ross procedure**

Prof. dr Jan Vojáček, CZE; Dr Branislav Stojković

Presentations and discussion in conjunction with the live surgery:

#### **1. Indications/contraindications and patient selection (durability, phenotype, BAV/AR/AS)**

*Dr Jan Gofus, CZE*

#### **2. Step-by-step technique: autograft harvest, implantation, and coronary button; RVOT reconstruction: homograft/conduit choices and technical tips; autograft stabilisation strategies: preventing dilatation and late AR**

*Asst. Dr Marko Kaitović*

#### **3. Peri-op pathway: BP strategy, antithrombotics, imaging followup, complications reintervention**

*Dr Ivan Miljković*

#### **4. Live debrief – Key decision points**

#### **5. Case-based discussion: “What would you do?” – key decisions and take-home messages**

**16:00 Close of Day 1**

**Prof. Dr Slobodan Micović**

**DEDINJE AORTIC VALVE MASTERCLASS  
REPAIR, ROSS, ANNULAR ENLARGEMENT  
AND HAART RING**

**DEDINJE  
AORTIC MASTERCLASS**

**DAY 2**

**SESSION 3**

**(09:00–12:00)**

**Annular/Root Enlargement: Avoiding PPM and Expanding SAVR**

**Moderators: Prof. dr Svetozar Putnik, Prof. dr Ivan Stojanović, Dr Marko Banović, Prof. dr Lazar Velicki**

**09:00 LIVE SURGERY 3: SAVR + annular enlargement**

**Prof. Dr Bo Yang, USA; Dr Bogdan Okiljević**

**Presentations and discussion in conjunction with the live surgery:**

**1. Why enlarge? PPM risk, haemodynamics, valve choice, pre-op planning (echo/CT)**

**Asst. Dr Miloš Matković**

**2. Techniques overview: Yang, Nicks, Manouguian, Konno, Y-incision/roof—indications and boundaries**

**Prof. Dr Nermir Granov**

**3. Decision-making algorithm: selection of technique and strategies for determining size. Alternatives for aortic root enlargement.**

**Doc. dr Petar Vuković**

**4. \*Live debrief: sizing, haemostasis, conduction risk, bail-out strategies**

**5. \*Bo Yang Technique – Prof. Dr Bo Yang**

**12:00 Lunch**

**DEDINJE AORTIC VALVE MASTERCLASS  
REPAIR, ROSS, ANNULAR ENLARGEMENT  
AND HAART RING**

**DEDINJE  
AORTIC MASTERCLASS**

**DAY 2**

**SESSION 4**

**(13:00–16:00)**

**Aortic Annuloplasty Ring in Contemporary Valve Repair**

**Moderators: Prof. dr Igor Rudež, Doc. dr Ilija Bilbija, Prof. dr Mate Petričević,  
Dr Aleksandar Radović, Asst. dr Miroslav Miličić**

**13:00 LIVE SURGERY 4**

**Aortic valve repair using HAART ring**

**Prof. dr George Stavridis GRE, Asst. dr Marko Kaitović**

**Presentations and discussion in conjunction with the live surgery:**

**1. Biomechanics: annular geometry and when the ring adds value**

**Prof. Dr Danijela Zamaklar**

**2. Sizing and implantation: positioning, suturing strategy, avoiding LVOT/coronary issues;  
Minimally invasive remodeling Techniques**

**Prof. dr Igor Rudež**

**3. Programme building: team requirements (surgeon + echo), QA, database, learning curve**

**Prof. dr Ruggero De Paulis, ITA; Prof. dr Bo Yang, USA; Prof. dr Jan Vojacek, CZE**

**4. Live debrief**

**5. Integrating HAART with cusp repair and root procedures: workflow + TEE endpoints-**

**Prof. Dr George Stavridis, GRE**

**16:00 Closing remarks and presentation of certificates**

**Prof. dr Slobodan Micović**

# DEDINJE

Institute for Cardiovascular Diseases  
"Dedinje"

## DEDINJE AORTIC MASTERCLASS

### SPECIAL GUESTS

**Bo Yang, M.D., Ph.D.**, the Frankel Research Professor of Cardiac Surgery, treats aortic conditions like familial thoracic aortic aneurysms, complications of Marfan and Loeys-Dietz syndromes, and more. He has expertise in valve-sparing aortic root replacement using the David and Bentall procedures, aortic dissection and thoracic and thoracoabdominal aneurysm repair, aortic valve repair. He invented new procedures to enlarge the aortic annulus by 3-4 valve sizes.

**Ruggero De Paulis** is the director of the Cardiac Surgery Department of the European Hospital in Rome, a position he has held since 2006. After graduating from the University of L'Aquila and completing his residency at the University of Torino, he spent two years in an artificial heart programme at the University of Utah, and then two years as staff surgeon at the VI and XII University of Paris. Since then he has been working in Rome, at the University of Tor Vergata, where he was appointed Associate Professor in 2002. His main interest is in aortic and mitral repair surgery and he is the designer of the "Valsalva" graft, currently used in most aortic root surgeries.

**Prof. Jan Vojacek** graduated from Medical Faculty of Charles University in 1993. Gradually he finished the training in vascular surgery and cardiac surgery. Currently, he is the head of the Department of Cardiac Surgery at University Hospital Hradec Kralove, Czech Republic. He is also the president of the Czech Society for Cardiovascular Surgery. Among the others, he is a member of EACTS and HVS. Major interest is aortic root surgery including aortic valve repair and the Ross procedure and also cardiac robotic surgery.

**George Stavridis** is a distinguished Greek cardiac surgeon with many years of experience in the field of cardiothoracic surgery. He currently serves as the Head of Cardiac Surgery at the Onassis Cardiac Surgery Center in Athens, one of the leading cardiovascular centers in Greece. He graduated in Medicine from the Medical School of the National and Kapodistrian University of Athens in 1984, where he later also obtained his PhD. He completed his specialist training in cardiothoracic surgery in the United Kingdom and continued his professional career at the Onassis Cardiac Surgery Center, where he has held several leadership positions in the fields of cardiac surgery and heart transplantation.

AORTIC MASTERCLASS**

*Poštovane kolegice i kolege, dragi prijatelji,*

*Sa velikim zadovoljstvom Vas obavještavamo da će Institut za kardiovaskularne bolesti „Dedinje“ organizovati dvodnevni Aortic Masterclass, koji će se održati 4-5. septembra 2026. godine u prostorijama našeg Instituta.*

*Ovaj edukativni program usmeren je na savremeni pristup lečenju bolesti aortne valvule. Program je koncipiran kao sveobuhvatan klinički put, koji obuhvata preoperativnu dijagnostiku i imaging, planiranje procedura, izvođenje operacija uživo I intraoperativnu procenu, kao i postoperativno lečenje, kontrolne preglede i dugoročno praćenje pacijenata.*

*Velika nam je čast da ugostimo renomirane stručnjake iz oblasti kardiovaskularne medicine iz celog sveta.*

*Radujemo se Vašem dolasku i nadamo se da ćemo Vaš boravak učiniti prijatnim i nezaboravnim.*

DEDINJE  
AORTIC MASTERCLASS

**DEDINJE AORTIC VALVE MASTERCLASS:  
REKONSTRUKCIJA, ROSOVA PROCEDURA,  
PROŠIRENJE AORTNOG KORENA I HAART RING**

**PRVIDAN**

**SESIJA 1**

**09:00 - 12:00**

**Reparacija aortnog zaliska: "Korak po korak" pristup (TAV/BAV)**

Moderatori: Prof. dr Slobodan Micović, Prof. dr Jan Vojacek CZE, Prof. dr Hrvoje Gašparović,  
Prof. dr Aleksandra Nikolić

**08:45**

**DIREKTAN PRENOS OPERACIJE: Rekonstrukcija aortnog zaliska (AR, TAV/BAV)**

Prof. dr Ruggero De Paulis, ITA; Asst. dr Marko Kaitović

**08:45**

**Dobrodošlica, ciljevi simpozijuma, obrazloženje koncepta "repair first" i  
selekcija pacijenata**

Akademik prof. dr Milovan Bojić, Prof. dr Ivana Nedeljković, Prof. dr Slobodan Micović

**Predavanja i diskusija u vezi sa operacijom u toku:**

**1. EHO/CT/CMR mapiranje: klasifikacija lezija, (effective height-eH) efektivna visina,  
planiranje reparacije planning  
(TBA)**

**2. Tehnika 1: Aplikacija/resuspenzija kuspisa, "raphe" menadžment, orijentacija komisura  
Dr Giulio Folino, ITA**

**3. Tehnika 2: Opcije stabilizacije anulusa i kako doneti odluku intraoperativno  
Doc. dr Ilija Bilbija**

**4. Live debrief: ključne tačke odluke, intra-operativni TEE kriterijumi uspešnosti, kada  
ponovo klemovati**

**5. Diskusija zasnovana na slučajevima: "Šta biste uradili?" + Pouke i poruke**

**12:00**

**PAUZA ZA RUČAK**

DEDINJE  
AORTIC MASTERCLASS

**DEDINJE AORTIC VALVE MASTERCLASS:  
REKONSTRUKCIJA, ROSOVA PROCEDURA,  
PROŠIRENJE AORTNOG KORENA I HAART RING**

**PRVIDAN**

**SESIJA 2**

**(13:00–16:00)**

**Rosova procedura: Indikacije, tehnike, i stabilizacija autografta**

Moderatori: Dr Branko Mimić, Doc. dr Dragana Unić, Dr Ivan Knežević,  
Prof. dr Danijela Trifunović Zamlakar, Prof. dr Petar Otašević

**13:00**

**DIREKTAN PRENOS OPERACIJE: Rosova procedura**

Prof. Dr Jan Vojacek,CZE; Dr Branislav Stojković

Predavanja i diskusija u vezi sa operacijom u toku:

**1. Indikacije/kontraindikacije i selekcija pacijenata(trajnost, fenotip pacijenta,BAV/AR/AS)-  
Dr Jan Gofus, CZE**

**2. Korak po korak tehnika:preparacija autografta, implantacija, i koronarni "button-i";  
RVOT rekonstrukcija:izbor homografta/konduita i tehničke zamke; Strategije stabilizacije  
autografta: prevencija dilatacije i odložene AR  
Asst. dr Marko Kaitović**

**3. Perioperativne smernice: Kontrola krvnog pritiska, antitrombolitici , dijagnostičko  
praćenje, komplikacije/reintervencija  
Dr Ivan Miljković**

**4. Live debrief: ključne tačke odluke**

**5. Diskusija zasnovana na slučajevima: "Šta biste uradili?" + Pouke I poruke**

**16:00**

**Završnica prvog dana**

Prof. Dr Slobodan Micović

DEDINJE  
AORTIC MASTERCLASS

**DEDINJE AORTIC VALVE MASTERCLASS:  
REKONSTRUKCIJA, ROSOVA PROCEDURA,  
PROŠIRENJE AORTNOG KORENA I HAART RING**

**DRUGI DAN**

**SESIJA 3**

**(09:00–12:00)**

**Proširenje aortnog korena: Izbegavanje PPM i proširenje indikacija  
za SAVR**

Moderatori: Prof. Dr Svetozar Putnik, Prof. dr Ivan Stojanović, Dr Marko Banović,  
Prof. dr Lazar Velicki

**09:00**

**DIREKTAN PRENOS OPERACIJE: SAVR + proširenje aortnog korena**

Prof. Dr Bo Yang, USA; Dr Bogdan Okiljević

Predavanja i diskusija u vezi sa operacijom u toku:

**1. Zašto proširiti koren? Rizik od PPM-a, hemodinamika, izbor valvule, preoperativna strategija (Ehokardiografija/CT)**

*Asst. Dr Miloš Matković*

**2. Analiza tehnika: Yang, Nicks, Manouguian, Konno, Y-incizija–indikacije I granice**

*Prof. dr Nermir Granov*

**3. Algoritam odličivanja: izbor tehnike i strategija određivanja veličine. Alternativa proširenja aortnog korena**

*Doc. dr Petar Vuković*

**4. Live debrief: određivanje veličine, hemostaza, rizik za provodni sistem, "bail-out" strategija**

**5. "Bo Yang Tehnika"**

*Prof. Dr Bo Yang, USA*

**12:00**

**PAUZA ZA RUČAK**

DEDINJE  
AORTIC MASTERCLASS

**DEDINJE AORTIC VALVE MASTERCLASS:  
REKONSTRUKCIJA, ROSOVA PROCEDURA,  
PROŠIRENJE AORTNOG KORENA I HAART RING**

**DRUGI DAN**

**SESIJA 4**

**(13:00–16:00)**

**Aortni prsten za anuloplastiku u savremenoj reparaciji valvule**

Moderatori: Prof. dr Igor Rudež, Doc. dr Ilija Bilbija, Prof. dr Mate Petričević, Dr Aleksandar Radović, Asist. dr Miroslav Miličić

**13:00**

**DIREKTAN PRENOS OPERACIJE: Rekonstrukcija aortne valvule uz HAART prsten**

Prof. Dr George Stavridis, GRE; Asst. Dr Marko Kaitović

Predavanja i diskusija u vezi sa operacijom u toku:

**1. Biomehanika: geometrija anulusa i kada prsten donosi korist**

*Prof. Dr Danijela Zamaklar*

**2. Minimalno invazivne tehnike remodelinga: Sizing i implantacija, pozicioniranje, strategija šivenja, izbegavanje problema sa LVOT-om i koronarnim arterijama**

*Prof. dr Igor Rudež*

**3. Izgradnja programa: zahtevi za tim (hirurg + ehokardiografija), kontrola kvaliteta (QA), baza podataka, kriva učenja**

*Prof. dr Ruggero De Paulis, ITA; Prof. dr Bo Yang, USA; Prof. dr Jan Vojacek, CZE*

**4. Live debrief**

**5. Integracija HAART prstena sa rekonstrukcijom kuspisa i procedurama na korenu: tok rada + TEE krajnje tačke**

*Prof. Dr George Stavridis, GRE*

**16:00**

**Završna reč i dodela sertifikata**

*Prof. dr Slobodan Micović*

# ДЕДИЊЕ

„ДЕДИЊЕ“

DEDINJE  
AORTIC MASTERCLASS

## SPECIJALNI GOSTI

**Bo Jang (Bo Yang), M.D., Ph.D.**, profesor kardiohirurgije na katedri „Frankel“, bavi se lečenjem stanja aorte kao što su porodične aneurizme torakalne aorte, komplikacije Marfanovog i Loeys-Dietz sindroma i druga srodna oboljenja. Ekspert je za rekonstrukciju korena aorte uz očuvanje zalistka (valve-sparing) primenom David i Bentall procedura, kao i za reparaciju disekcije aorte, torakalnih i torakoabdominalnih aneurizmi i reparaciju aortnog zalistka. *Izumitelj je novih procedura za proširenje aortnog prstena (anulusa) za čak 3 do 4 veličine zalistka.*

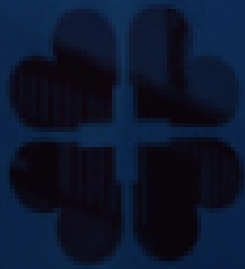

**Ruggero De Paulis** je direktor Odeljenja za kardiohirurgiju u Evropskoj bolnici (European Hospital) u Rimu, na poziciji koju zauzima još od 2006. godine. Nakon što je diplomirao na Univerzitetu u L'Akvili i završio specijalizaciju na Univerzitetu u Torinu, proveo je dve godine u programu za veštačko srce na Univerzitetu u Juti (SAD), a zatim još dve godine kao stalni hirurg na VI i XII Univerzitetu u Parizu. Od tada radi u Rimu, na Univerzitetu „Tor Vergata“, gde je 2002. godine imenovan za vanrednog profesora. Njegov glavni fokus je hirurgija rekonstrukcije aorte i mitralnog zalistka, a takođe je i dizajner „Valsalva“ grafta, koji se danas koristi u većini operacija korena aorte.

**Prof. Jan Vojaček** diplomirao je na Medicinskom fakultetu Karlovog univerziteta 1993. godine. Tokom karijere završio je specijalizacije iz vaskularne i kardiohirurgije. Trenutno se nalazi na mestu načelnika Odeljenja za kardiohirurgiju u Univerzitetskoj bolnici Hradec Kralove u Češkoj Republici. Takođe je predsednik Češkog udruženja za kardiovaskularnu hirurgiju. Između ostalog, član je EACTS-a (Evropsko udruženje za kardiorakalnu hirurgiju) i HVS-a (Udruženje za srčane zaliske). Njegov glavni fokus su operacije korena aorte, uključujući rekonstrukciju aortnog zalistka i Rosovu (Ross) proceduru, kao i robotska kardiohirurgija.

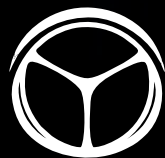

**Georgios Stavridis** je istaknuti grčki kardiohirurg sa dugogodišnjim iskustvom u oblasti kardiorakalne hirurgije. Trenutno obavlja funkciju načelnika kardiohirurgije u Onassis kardiohirurškom centru u Atini, koji je jedan od vodećih kardiovaskularnih centara u Grčkoj. Diplomirao je na Medicinskom fakultetu Nacionalnog i Kapodistrijskog univerziteta u Atini 1984. godine, gde je kasnije stekao i zvanje doktora nauka (PhD). Specijalizaciju iz kardiorakalne hirurgije završio je u Ujedinjenom Kraljevstvu, nakon čega je profesionalnu karijeru nastavio u Onassis centru. Tamo je obavljao više rukovodećih funkcija u oblastima kardiohirurgije i transplantacije srca.
